

Viewmont Animal Hospital - DENTAL CONSENT FORM

DATE _____

OWNER'S NAME _____ PET'S NAME _____ WEIGHT _____

PHONE NUMBERS WHERE YOU CAN BE REACHED TODAY _____

CELL _____

Did your pet eat this morning? **YES** **NO**

Your pet is in today for a dental prophylaxis (cleaning, polishing, and sealant treatment) and the following additional procedure(s): _____

If blood work has not been done on your pet recently, we recommend pre-anesthesia blood tests to rule out any pre-existing internal problems that may not be evident physically.

The costs of these important tests are:

- For pets under 3 years - **\$42.00 CBC** (test for anemia and infection)
- For pets 3 years and up - **\$91.00 CBC & PROFILE**. (tests for anemia, infection, kidney & liver health & sugar levels)

YES, I WANT MY PET TO HAVE A PRE-DENTAL LAB SCREEN.

NO, I DO NOT WANT MY PET TO HAVE A PRE-DENTAL LAB SCREEN.

- **WE ALSO RECOMMEND AN INTRAVENOUS (IV) CATHETER AND FLUIDS DURING ANESTHESIA.** IV fluids help to maintain normal blood pressure during anesthesia and provides a readily accessible vein if needed for medications. The cost is **\$52.00** Yes No

The doctor will examine the mouth to check for any problems that may not have been readily apparent. If there are any additional procedures that should be performed (extracting loose teeth, treating infection, etc.) it would be easier to do these while the pet is already anesthetized rather than scheduling another procedure at a later time. **PLEASE SIGN BELOW IN THE APPROPRIATE SPACE.**

DEPENDING ON THE TEETH INVOLVED, EXTRACTIONS RANGE FROM \$37.00 TO \$109.00 PER TOOTH.

1. **WITHOUT BEING CALLED FIRST** you have my permission to perform additional necessary procedures (eg. Extracting teeth). I understand these procedures are at additional cost to me.

X _____

2. **I WANT TO BE CALLED** before any additional procedures are performed. In the event I cannot respond to the doctor's call within 15 minutes, I agree to proceed with necessary procedures.

X _____

3. **I DO NOT WANT OTHER PROCEDURES PERFORMED.**

I understand that my pet may, in the future, need to be anesthetized for the procedures that were not performed today at additional cost to me.

X _____

If tooth extractions are performed medication to control pain is recommended. The cost is \$35.50 for animals weighing less than 31lbs. and \$49.50 for larger dogs.

Yes No

While your pet is under anesthesia we can microchip your pet for permanent identification. The total fee is **\$46.00**. **YES** **NO**

★ **PLEASE NOTE: If your pet is found to have fleas, while in our hospital, your pet will be treated at your expense.** ★
